### RICHES LOST AT WEDDING.

Woman Guest's Heirlooms Disappear During Fashionable Nuptials.

Mrs. J. E. Miller of No. 923 Columbia street, Pasadena, has asked the police to aid her in recovery of a valuable tortoise shell fan and lavender brocade silk bag with valuable heirlooms which she lost Thursday afternoon at the wedding of Miss Phyllis Miller and Donald O'Malley at Hillside, the home of Mr. and Mrs. John B. Miller, parents of the bride.

Mrs. Miller believes the valuables slipped from her lap as she arose from a table on the lawn to drink a toast to the bride.

The fan was expensive, but the silk bag and its contents were valued principally for their sentimental association.

Mrs. Miller has offered a liberal reward.

Others testify.

Other witnesses for the state were J. M. McLean, county clerk, and L. L. Bailey, chief deputy clerk, who testified to the filing of the alleged will for probate May 8 of this year, and Claude L. Chambers, attorney for Virgil Bruchi, administrator of the estate of Mr. Thompson.

Attorney Smith did not put his client on the witness stand, and offered no evidence at the hearing.

Mrs. Tedford was bound over to the superior court and placed under \$1000 bonds, which she was unable to raise.

Throughout the hearing Mrs. Tedford, who is 10 years old, appeared quite undisturbed, and as she entered the courtroom, smiling, she greeted some acquaintances.

By the conditions of the alleged fraudulent will, Mrs. Tedford, Mrs. Carrie Simpson of Seattle and Mrs. Margaret Cottrell of San Diego would share equally the property.

But a clause in the will provides that Mrs. Cottrell turn over to the estate certain property she holds.

After the ring.

After journeying to San Francisco, Mrs. J. A. Snedaker discovered that while visiting friends at No. 110 South Bonnie Brae street, some one had taken her diamond ring, valued at \$1500. She immediately notified the police.

The ring is missing.

### HANDS ACROSS THE BORDER.

Mexican-American Friendship Fiesta is Launched.

Gov. Cantu Guest of Honor at San Diego Functions.

Reception, Barbecue, Banquet and Parade Features.

The friendship fiesta, that is to proclaim to the world the friendly relations between Mexico and the United States began at the international boundary at Tia Juana at 10 o'clock yesterday morning when Gov. Esteban Cantu of Lower California, his staff of fifty and the Twenty-ninth Regiment Band were formally welcomed to American soil by American army officers and civilian officials.

As the Mexican soldiers, headed by the Mexican military band, marched eight abreast up the grade from the Mexican customs-house, two troops of United States cavalry sent to escort the procession to San Diego lined up at the sides of the road.

Gov. Cantu was greeted by Louis J. Wilde, Mayor of San Diego and under a marquee put up for the ceremony the addresses of welcome of the Mayor and the reply of the Governor were made.

Gov. Cantu was visibly affected. He said:

"Here at the line that joins rather than separates us from our opulent neighbor, I have the honor to greet each of you gentlemen on behalf of the people of Lower California and of the entire republic of Mexico. It is a marvelous welcome that has been accorded us here by the gentlemen of the famed 'Golden West,' as well named. The heartiest greetings of Mexico to America."

NOTABLE GATHERING.

In line with Col. Cantu were other Mexican dignitaries, members of his staff, Mayor Beaudry of Tia Juana, Lieut. Col. Marcial, commander of the Twenty-fifth Mexican Infantry, Sr. Teodoro Priester, Mexican Consul in San Diego; Capt. Jose

## CLUB STIRRED BY WAR TALKS.

Governor Proclaims Need for Saving Food Supply.

Others Tell Grave Danger of Neglecting Immigrants.

German Frightfulness Bared by Luncheon Speaker.

BY ALMA WHITTAKER.

The Friday Morning Club bristled with war measures, war warnings, war horrors, war efficiency, war necessities yesterday.

Gov. Stephens spoke on the trials that probably face this country, the imperative question of the food supply, the patriotic and generous voluntary labor in connection with the registration, and the work of the State Council of Defense.

"We must not only save food but save food," he said, and pointed to an estimate from Washington, in which it was asserted that the saving of but one slice of bread a day in every family would mean the saving of all the wheat that could be grown on 175,000 acres of land.

Turning upon the well-attended audience of women, the Governor said we may be called upon to eat less, to do without meat two days a week—that he thought some of us could stand it very well.

At the conclusion of the Governor's speech, Mrs. Edward Simons, the president, raised a laugh by assuring him, in the name of the club, that they will continue to give him every encouragement with their advice—as usual.

**PROHIBITION PETITION.** Miss Adeline Ray Morgan of the University of California, discouraged upon food values and war economies and gave Mrs. Simons an opportunity to mention the petition regarding the prohibition of the manufacture of alcohol for the conservation of grain, and to call for signatures to the petition to make Los Angeles "dry" for the duration of the war, if an army camp is located here.

Mrs. Frank Gibson spoke on the importance of the immigrant problem—those aliens in our midst who speak their own language, print their own newspapers, attend their own churches, lead their own national lives, knowing in no way and by no means the English language.

She said, as the one common meeting ground, and to call for signatures to the petition to make Los Angeles "dry" for the duration of the war, if an army camp is located here.

Dr. Albert Shiels, superintendent of schools, received a warm welcome for his brief talk in this connection. He spoke of the importance of the summer schools for these foreigners, of the fact that the children are entirely without funds for such luxury, but that an amazing number of unselfish, patriotic citizens have volunteered to do this work for love—to sacrifice their vacations and their hard-earned leisure.

"To neglect a foreign element today is dangerous," he said. And he reminded us that the schools should not be regarded as an overhead charge, but as a civic investment.

Mrs. Herbert Cable talked very briefly on the value of organizations without which none of our fine plans could be accomplished.

**FROM THE TRENCHES.** At luncheon, the atmosphere was even more warlike. Dr. C. Rogers, in khaki, direct from the trenches, spoke in impassioned words of the character of the trench soldier, and declared he had no use for any woman present whose sympathies were with the German government. He described the ruthlessness and frightfulness of that government, with its savagery and its terrible detail and called it the most relentless, remorseless and cruel government ever organized under God's sun, and reminded us that the American soldiers will be up against it with ghastly intimacy at no distant date. His appeal was for wholehearted support of the Red Cross.

Miss Denton said the Japanese Red Cross, run almost entirely by the women, is the most efficient in the world—a statement which she supported with details.

**Stomach Ache.** SAUSAGES POISON.

Three Little Boys are Given Them for Dinner, Result Very Ill and One Died.

Police Surgeon's Prompt and Lively Treatment.

Poisonous sausage again got in their work yesterday, with nearly fatal results to three young boys. Claude Despla, 7 years old, and his brothers, Roland, 5, and Harold, 3, were given the sausage for dinner, Thursday evening, by their mother, Mrs. J. Despla, No. 334 South Broadway avenue.

Yesterday morning the little fellows were very ill, but the French mother called in neighbors, who said the kids had been poisoned. They were rushed to the Revere Hospital, where swift and lively treatment by Police Surgeon Stoeckley is believed to have saved their lives.

At the County Hospital last night it was stated the boys were out of danger.

**Courtesy.** BELGIANS INVITED.

Governor Telegraphed War Minister Head That California Would be Glad to Welcome Official Representatives of the Belgian Government.

Through Baron Marchand, its head, the Belgian war minister now at Washington was yesterday invited by Gov. Stephens to visit California. The Governor sent from this city to the Baron the following telegram:

"Understand Belgian mission is planning western tour. We hope you can find it possible to extend your trip to California. A warm welcome awaits you and our people will feel honored by your visit."

## WILL MAKE 'EM TWICE MONTHLY

Club of Citizenship Workers Nominates Change in Court Schedules.

To get rid of the glut of applications for naturalization hereafter an order has been made, it became known here yesterday, that, beginning with September, there will be two hearings a month, instead of one, as has been the rule in the Federal Court for many years.

There were 155 applications yesterday for naturalization and citizenship, and with the witnesses a crowd of more than 500 persons packed the local Federal courtroom. The hearing continued all day and a few were left for disposal this morning.

An unusual number of Germans were among the applicants. Between ninety and 100 certificates were ordered issued by United States District Judge Trippett.

What is known as the "recognition" meeting of aliens, covering the June and July sessions, will be held in the Billy Sunday tabernacle the evening of August 11. Among the speakers on that occasion will be Raymond F. Crist, deputy commissioner of immigration.

**Removed.** WARNING AGAINST FAKE SOLICITORS.

PRATULIEN SCHEMES SAID TO BEAR PATRIOTIC MARK.

President of Merchants' and Manufacturers' Association Again Asks that All Who Would Contribute Ask for Proof of Indorsement by that Organization.

E. G. Judah, president of the Merchants' and Manufacturers' Association, yesterday gave out a statement denouncing certain alleged fraudulent soliciting schemes, conducted in the name of patriotism, and asking that all who would contribute ask for proof of indorsement by that organization.

He declared the Merchants' and Manufacturers' Association yesterday learned that solicitors had collected funds from these merchants and on the subscription sheets had signed the names of the association to induce other shoe dealers to contribute liberally.

"Many of these people are seeking advertising and other straight contributions," said Mr. Judah. "We are earnestly endeavoring to put a stop to these questionable practices. To protect these undertakings that are worthy and in behalf of those persons who are contributing, we are endeavoring to have the indorsement of the Merchants' and Manufacturers' Association."

Mr. Judah said that in some cases, it has been learned, large percentages of the funds collected go to the solicitors and the balance to the patriotic cause. He said that the solicitors are being reserved for the purpose for which contributions are made.

President of the Chamber of Commerce yesterday sent to the members of that organization a circular letter stating that a special supervising committee has been appointed to pass on all patriotic fund contributions calling for public contributions. He said that no member of the chamber contributes to the fund without the signature of the supervising committee.

**Sausage-Tier Jailed.** One Claimed Three Times Were Necessary to Put Proper Front on Stuffed Delicacy, Other Said Two, and Eight Peddled.

One Shall Be Prosecuted.

Frank Monteleone had a fight yesterday with John Bilson. They are employed at No. 101 Macy street, where they tie sausages. It was the manner of tying the stuffed skins that caused the fight.

Monteleone asserted that three twists were necessary to properly tie a sausage. Bilson, however, said two twists were enough for any man. The first man thought that the man, who is a Jew, was making a mistake, and he said, "You are making a mistake, you are making a mistake, you are making a mistake."

Monteleone finally, it is alleged, seized an iron bar. Bilson did also, but he didn't guard his head, and as a result he is in the County Hospital with a fractured skull. He was given emergency treatment by Police Surgeon Stoeckley at the Receiving Hospital.

Police Surgeon Stoeckley is believed to have saved their lives. At the County Hospital last night it was stated the boys were out of danger.

**LETTERS OF SYMPATHY.** To the Widow of the Late Lee C. Gales.

In the name of the women of the Southland, the Los Angeles proponents of equal suffrage yesterday sent to the widow of the late Lee C. Gales a letter of sympathy that also expresses appreciation of Mr. Gales' advocacy of the vote-for-women cause.

Mr. Gales passed away a few days ago, after a long illness. The letter of sympathy is signed by Grace C. Rimana, Mary E. Gibson, Mary E. Fox, Kate Reynolds Leitch, Mrs. Mary A. Robertson, Katherine Salice, Martha Nelson, Mrs. Frances J. Tolhurst, Louise Carr Koss and Doris Haynes.

**ANNULMENT SUIT.** James Pearce Bennett, 16, and Elizabeth Violet Newcombe, 14, met, loved and wed. But it appears that they separated immediately after the ceremony, February 24 last. Because he is under age his sister and guardian, Daisy May Finlay, filed suit for annulment yesterday, asking that the marriage be declared void.

## Notice as to the Conduct of This Sale

If for any reason it is necessary to exchange or return merchandise purchased during this sale, articles must positively be accompanied with sales check. WALL STREET PRICES CONTINUE TO RECOVER.

War Shares Once More the Conspicuous Feature, but Ralls Give Promise of Further Improvement—Money Situation Continues as a Restraining Influence on Call Loans—All Classes of Bonds Heavy.

NEW YORK, June 22.—Recovery from the general reaction of the early week has been further improved today, although trading was of a tentative character and more circumscribed as to the variety of issues dealt in.

War shares were once more the conspicuous feature but ralls gave promise of further improvement. Gains of 1 to 5 points were considerably reduced in the later trading.

The monetary situation continued a restraining influence on call loans which held over the week, being made for the most part at or within a fraction of 6 per cent.

The inquiry for war stocks was accompanied by some activities in related issues. United States Steel at one time showed an extreme gain of 15 points, most of which was lost in almost every instance much of the advance was forfeited.

Metals and inactive specialties improved in average of a point or two with sugar, industrial alcohol finished at a point gain after having risen over 3 points, and calls in general lost much of their 1 to 2-point advance.

Total sales amounted to \$35,000,000. All classes of bonds were heavy. Liberty bonds ruled at par but United States registered and coupon bonds of 1916 registered and coupon bonds and ralls were to 3 per cent lower on call.

Gold amounting to \$23,341,000 was received here today from Canada by express and making the aggregate imports of gold for the year since the first of the year amounting to \$23,341,000.

BUSINESS TALKS TO WOMEN.

BY EDDIE LANE SPENCER, Author of "The Efficient Secretary."

The poorest way of getting a position when you need one as regards satisfaction with the position, independence and remuneration, is to get it through a friend or acquaintance.

The best way is based on the old and ever-right rule of trading, so much for so much, whether in money or some other form of currency.

That is one way that places you under no obligation to anyone. Another is by phoning and asking the question direct, then write him a letter stating your qualifications, reasons for applying and asking for a position of that kind.

PRINCIPAL INDUSTRIES BUSTLE WITH ACTIVITY.

NEW YORK, June 22.—Tomorrow Bradstreet's will say: "Bustling activity characterizes the leading industries, particularly iron, steel, lumber, textiles, coal and shipbuilding, and at the same time governmental buying in numerous lines is still spreading."

"Crop news is better, higher temperatures having made for improvement in retail trade, railway cars are in relatively better supply, prices for some food products tend downward and payments in the larger branches of enterprises are good. Withal, wholesale trade is relatively inactive, and for months ahead it is exceptionally light. Conservatism respecting buying for future delivery is in evidence, luxuries and fancy articles are particularly neglected, a sign that economizing is widely prevalent; and discussions regarding governmental control of prices make for some uncertainty."

"The imminent calling of men for military duty certainly restricts buying of seasonal apparel."

"However, losses in what might be termed ordinary lines, this characteristic being used in its most comprehensive sense, is largely not wholly offset by governmental buying and this diversity in the ebb and flow of business makes working out of readjustments."

"But, despite the giving of ground in some lines, resulting in the transfer of interest to other things, the producing units of this country are overworked, and for months ahead it is exceptionally light. Conservatism respecting buying for future delivery is in evidence, luxuries and fancy articles are particularly neglected, a sign that economizing is widely prevalent; and discussions regarding governmental control of prices make for some uncertainty."

WALL STREET PRICES CONTINUE TO RECOVER.

War Shares Once More the Conspicuous Feature, but Ralls Give Promise of Further Improvement—Money Situation Continues as a Restraining Influence on Call Loans—All Classes of Bonds Heavy.

NEW YORK, June 22.—Recovery from the general reaction of the early week made further progress today, although trading was of a tentative character and more strenuous as to the variety of issues dealt in.

War shares were once more the conspicuous feature but ralls gave promise of further improvement. Gains of 1 to 5 points were considerably reduced in the later part of the day.

The monetary situation continued a restraining influence on call loans, which held over the week, being made for the most part at or within a fraction of 1 percent.

The inquiry for war stocks was accompanied by pool activities in related markets. The market for call loans showed an extreme gain of 1 1/2 points, most others of that division rising 1/2 to about 1 point.

Metals and industrial specialties improved an average of a point or two with sugar, Industrial Alcohol finished at a point gain after having fallen over 2 points, and ralls in general lost most of their 1 to 2-point advance.

Total sales amounted to \$23,000,000. All classes of bonds were heavy. Total sales, par value, \$18,000,000.

Liberty 5 1/2 percent, 1942, closed at 102 1/2, the highest price since the issue was first sold at 100.

United States registered and coupon 4 1/2 percent, 1942, closed at 101 1/2, the highest price since the issue was first sold at 100.

Gold amounting to \$2,541,000 was reported here today from Canada by J. P. Morgan & Co., bringing the total of the gold movement up to \$7,274,000 and making the aggregate imports of the metal from all sources since the first of the year \$48,741,000.

Later additional gold amounting to \$2,541,000 was reported from the same source.

COMPARISON OF SALES. (BY DIRECT WIRE—EXCLUSIVE DISPATCH.) NEW YORK BUREAU OF THE TIMES, June 22.—Following are the closing prices of the principal stocks and bonds in New York, June 22, 1917.

STREET RIGHTS  
VESTED IN CITY.Conflict with the Railroad  
Commission Settled.Authority is Divided Relative  
to Grade Crossings.City Opinion has Bearing on  
Terminal Project.

Los Angeles does not lose control over the city streets as a result of the decision on grade crossings rendered last week by the State Supreme Court, according to an interpretation of the ruling yesterday by City Attorney Stephens. The question is considered important because of its relation to the proposed construction of a union passenger and freight terminal and of grade crossings.

There long has been a conflict in the laws of the charter and Legislature on this point, and the matter was finally sent to the Supreme Court at the instance of the Board of Public Utilities.

City Attorney Stephens said yesterday:

"The Supreme Court has so construed the conflicting laws that the city does not lose its control over streets but that the Railroad Commission has the power only to compel a railroad within the city to leave the surface of the streets and cross it by either an elevated or subway. The Railroad Commission has no power to order the city to elevate its streets or place them under the railway."

"It will be seen that the question of grade crossings is, at least, a matter of divided jurisdiction between the Railroad Commission and the city."

"We are now safely proceeding with the large question of eliminating dangerous grade crossings in friendly co-operation and amicable jurisdiction with the Railroad Commission, the commission having the full power to order railroads to change their grade, cross over or under streets where that is appropriate, and the city to have full power to change its grade so as to leave the railway on its present grade and go over or under it."

"I understand the Council to uniformly favor a union passenger terminal, and the jurisdiction of the Railroad Commission on this subject never has been questioned by the city or its legal department. I have therefore prepared, and upon receiving the Council's approval thereof, will immediately forward a pleading to the Railroad Commission on behalf of the city, asking the Railroad Commission to take jurisdiction under the terms of the recent Supreme Court decision, and proceed to a complete investigation of both the grade crossing and terminal matters."

"In connection therewith, however, and before this or any application on behalf of the city is filed, I desire the Council to fully understand that the phrase in the last above quotation from the opinion, reading 'the commission's orders are to be directed to the railroad company and not to the city, except so far as may be necessary to appropriate the expense of construction and maintenance of the particular mode of crossing which shall be required by the judgment of the commission, eventually entail a very considerable expenditure on behalf of the city.'"

**DAMAGE SUIT.**  
The terrible results of the accident to Herbert E. Herbert, Jr., 3 years old, who was killed by a \$10,000 damage suit brought by his father against the Pacific Title and Trust Company, which was sued for attempting to cross Santa Monica boulevard at Kings' drive, was struck by one of the company's motor trucks and Herbert's head cut off.

## The Public Service.

At the City Hall.  
**OPPOSITION RAISED  
TO WIRE MEASURE.**ORDINANCE UNPAID, DECLARIES  
COUNCILMAN COLLINS.

Says it will not be long until property owners cannot afford to erect houses—Takes Piling at Underwriters for not lowering Rates.

Councilman Collins yesterday made a strong appeal to the Council to enact an amendment to an ordinance recently adopted which provides that all electric wiring be placed in iron tubes. He said, while there is some merit to the argument in favor of the ordinance owing to the fact that it no doubt decreases fire hazard, he does not believe that the end justifies the means.

"The cost of iron pipe is going up almost daily, and it would be only a short time when builders of houses could not afford to erect them," said the Councilman. "The Council has been asked to amend the Board of Underwriters too long. The board has been a thorn in the side of the Council for more than twenty years, and while they have resisted about everything they have asked, I have not noticed that the fire insurance has decreased in proportion."

The proposed amendment was referred to the Public Safety Committee with instructions to report only next week.

**A New Cow District.**  
The application of residents of San Jose to have that district included in the cow zone was granted yesterday by the Council. The residents will now have to pay a tax on that part of the city area a cow and calf owned by the owner is entitled to provide it.

**Water for Fountain.**  
It was reported to the Council yesterday that the City of San Jose is minus the regulation water supply. As a result the Public Safety Committee was instructed to provide it.

TO SERVE TWO  
TERMS AT ONCE.Larcenist and Fugitive Given  
Privilege of Doubling up  
the Penitentiary.

Frank C. Cahal is going to be a busy prisoner. He is going to serve two prison sentences at once. By this happy procedure he can go out of prison in just half the time.

To do so he must serve both terms in the same prison. At first it was feared he would fall in his efforts to double his time in penance, as one term was to be served in Folsom and the other in San Quentin. The court, however, quickly remedied that by letting Cahal serve both terms in the same prison.

First Cahal was sentenced to serve two years on a grand larceny charge. Superior Judge Craig imposed sentence. Yesterday the man was sentenced by Superior Judge McCormick to serve two and one-half years for forging the name of Joseph Myrick, Jr., to an \$80 check, May 11, 1916.

**Worthy.**  
**MCKINLEY HOME  
ASKS FOR FUNDS.**

**BIG BENEFIT TODAY PLANNED  
TO AID MOVEMENT.**

Would Build Immediately on Big San Fernando Valley Site, and so Provide Home for Deserving Boys—Prominent Men and Women Aid in Propaganda.

Mrs. Ellen Beach Taylor has arranged a charming program for the benefit party to be given this afternoon by officers and directors of the McKinley Industrial Home Society for Boys in the garden of the Kathryn Monteville School, 3418 Figueroa street.

This garden party will mark the first anniversary of the home, which was given in five years, and will be for the purpose of raising funds to help pay the balance due on the land which was recently purchased in the San Fernando Valley as a new site for the home.

It is the plan of those in charge to make the McKinley Home self-supporting and it was with this in view that the 200 acres of land, one mile south of the city, was purchased. This land is all under cultivation, with aqueduct water; is an ideal location and will give facilities for increasing the capacity of the home.

The officers of the McKinley Industrial Home Society for Boys include twenty of the prominent men and women of Los Angeles, all of whom have shown their faith and interest in the home by their liberal donations. More than half of the \$70,000, the purchase price of the land, has been subscribed and after three years of useful work, McKinley again appeals to the citizens of Los Angeles to help these men and women carry on the work of caring for the boys, who, through no fault of their own, have had misfortune come into their lives.

The Merchants' and Manufacturers' Association, after careful and thorough investigation, has reported that the McKinley Home is one of the best-managed institutions in the county of Los Angeles.

**WAR TIME INSURANCE.**  
George W. Freeman, deputy head counsel, Pacific Coast, Modern Woodmen of America, received word yesterday from Chicago that a rule was passed at the triennial convention in that city making obligatory the payment of the insurance claims of members in military and naval service.

**INFANT PRISONER  
FOR SHORT TIME.**

**MAMA AND PAPA PAID OUT,  
AND SHE SUFFERS.**

Temporary Guardian of Little Girl During Preliminary of Parents' Divorce Suit Falls to Return Child on Time, and Writ of Attachment Follows.

Haseldine de Buss is only 3 years old, but her golden hair and sweet innocence did not melt the heart of the Sheriff and keep her out of jail. In fact, the incarceration of the little one excited no comment, even from big-hearted Judge Jackson. In short, the jail was the safest place for Haseldine, and, oh, well, she was in the care of the matron and wasn't a prisoner, at all, but a carefully-nourished guest.

Haseldine's parents, Samuel and Hazel de Buss, cannot agree, and have a divorce battle on in the courts. While the preliminaries of the battle were being fought out, Judge Jackson ordered Haseldine turned over to Mrs. Rosa MacDonald. It was agreed that the parents could visit the child.

Mrs. De Buss took Haseldine to the beach one Sunday and stayed all night for there were no people there, and that she could not get back. A writ of attachment was sworn out then and Haseldine given into the custody of the Sheriff. The court directed that Mrs. De Buss must not visit the child when Mr. De Buss was present. Neither father nor mother can take the child away.

Yesterday Haseldine was formally released from the County Jail, after the proper legal steps had been taken.

Moore, capital stock \$250,000, subscribed \$5.

CEMENT GIVEN  
EQUAL CHANCE.Makers Now may Compete  
with Clay IndustryIn Construction of the City's  
Sewer Systems.Council Lowers Bar, Ending  
a Prolonged Fight.

A fight of eighteen months' duration ended yesterday when the Council passed an ordinance which will permit manufacturers of cement sewer pipe to compete with the makers of clay pipe. President Betkouski and Councilman Wheeler were absent and the vote on the ordinance was 8 to 1. Councilman Roberts voted against it.

In a bitter denunciation of attempts made to prevent the adoption of the ordinance, Capt. John D. Fredericks, representing the cement industry, hurled volumes of criticism at City Engineer Hamilton.

"We know from the beginning that the City Engineer was against cement pipe," said Capt. Fredericks. "I have never seen a more absurd attempt to bolster opinion than the report of Mr. Hamilton. This is a world of cement pipe that is being put into Los Angeles because there is competition in Long Beach."

Referring to a section of cement pipe tested by the City Engineer in the outfall sewer at Hyperion, Capt. Fredericks said:

"I cast no aspersions, but if the City Engineer wanted to be fair, why didn't he put that pipe in the sewer in the presence of representatives of the cement pipe people? It was done by himself and such tests should be condemned. The City Engineer made his tests in a biased, narrow way. He has not been fair. He was biased and prejudiced."

Capt. Fredericks declared that cement pipe sewers are being used in practically all the large cities of the United States and in all the big cities of Germany. He said the cement pipe people want only a chance to compete with the clay pipe makers.

The ordinance provides that cement pipe must meet specifications of a high standard. It does not, of course, specify that cement pipe must be used by the city, but places the cement manufacturers in a position where they can compete for the city's business.

The ordinance was approved by the Board of Public Works in September of last year, but Capt. Fredericks said the matter had been held up, possibly because of the many times that he thought the hour had arrived for action. W. T. Knowlton of the City Engineer's office asked for more delay and Councilman Roberts supported him.

"It seems to me that this matter has been thrashed out," said Councilman Cogwell. "It has been before the various official bodies of the city for more than a year and I will move that the ordinance be adopted."

There was no opposition then, excepting that by Mr. Roberts.

**CHARGE DISMISSED.**  
The contempt case against George Henderson, who conducted the Cadillac Club at Watts, was dismissed, on motion of Deputy District Attorney McCarty, in Judge Welborn's court yesterday. Henderson was cited to appear in court yesterday afternoon. Mr. McCarty stated that the club had been closed and vacated. The hearing in the matter involving the conduct of the club has been set down for next Wednesday.

Stop Corn Pain In Two Minutes  
By the Clock—Easy and SimpleThe Magic of Ice-Mint Does It. Soreness Stops Quickly and Gradually  
The Corn Loosens and Comes Out. Try It. Your Feet Will Feel Cool and Fine.

Thanks to a new discovery made from a Japanese product, your foot troubles can be quickly ended. Ice-Mint, as this new preparation is called, is said to relieve all corns, soft corns or corns between the toes so that they can be lifted out easily, so that you will never want to run the risk of blood poisoning by cutting a corn again.

Ask your druggist for a small jar of Ice-Mint, which will cost little, yet is sufficient to rid you of all corns—root and all. No foolishness.

SAYS SHE WAS  
SOME BATTLER.

Wife Whipped Strap, then a Chair, Policeman Claims in Divorce Court.

Fred A. Riggs, a policeman, knows what it is to be beaten with a strap and then with a chair. But he would not fight back because his wife whaled the strap, and then struck him with the chair when he wasn't looking. In suit was added to injury later, when she made him do the family washing.

These facts developed in Superior Judge Jackson's court yesterday when Mr. Riggs asked for a divorce. Mrs. Riggs denied the allegations. The court granted Mr. Riggs a decree and ordered him to pay \$35 a month for the support of his two small children.

A NEW  
SUMMER  
DRINK

Here's the  
**RECIPE---**  
As good as it is new

One rounded teaspoon of Ghirardelli's Ground Chocolate for each glass wanted. Mix with a little milk to form paste. Add this to balance of the milk and let it come to boiling point, stirring continuously. Add sugar to taste. Cool. Serve with cracked ice. Whipped cream may be added before serving.

This makes a food-drink as refreshing as it is sustaining—as nutritious as it is pleasant.

**Ghirardelli's Ground Chocolate**  
comes in 1/2-lb., 1-lb. and 3-lb. hermetically sealed cans. There's a double economy in buying the 3-lb. can.

**Since 1853 D. GHIRARDELLI CO. San Francisco**

DAY MORNING.  
ENLIST  
House Pa  
ROAD AUTHO  
TO CONT  
Dictatorship Measure  
Fight Expected  
BY A. P. NIGHT  
WASHINGTON, June 23.—The administration food control bill, giving the President authority to control the distribution of food, feed and fuel for purposes and appropriating \$100,000 for its enforcement and execution, was passed by the House tonight after far-reaching prohibition provisions had been tacked on to it.  
The vote was 268 to 5. Representatives McLenore, Bladen and of Texas, Democrats, and of Missouri and Ward, New Republican, voting in the negative.  
The prohibition provisions would prohibit the use of funds for the manufacture of alcohol for beverage and would give the President authority to take over the whole and when the bill came up in the House proper, the prohibition provisions did not do that they be voted on again.  
GOES TO SENATE.  
The bill now goes to the Senate. It probably will be substituted for the existing food control bill, which is already under consideration. Leaders hope to get the measure to conference by July 1.  
Important changes were made in the House, outside the prohibition section. The control
